It's crafted to keep your memories safe forever, and with good care will last a lifetime and beyond.

Each inner page is made from tactile, Fine Art cotton paper, and the lay-flat binding and professional design means every one of your beautiful images will be presented to best effect.

Choose between leather or linen for the cover, which you can personalise with your name, the date and/or the milestone you're capturing within its pages.

## LEGACY DISPLAY COLLECTIONS

Fill your home with bespoke artwork featuring those you love the most by investing in Framed Wall Art (below) or Fine Art Canvases (overleaf) as individual pieces or Collections. Collections include all 20 high resolution images from your photoshoot, which means you can download, print and share your photographs as many times as you wish.

### Framed Wall Art

Turn a bare wall into a work of art that reminds you of your loved ones every time you see it. Choose any frame type from my collection, then pick a size and mount combination that you love.

Mounts are custom-cut pieces of thick card that separate your portrait from the frame. They provide a Fine Art feel to a photograph and space out the different images in a montage. Mounts are available in white, grey or black and you can opt for no mount, a single mount or a double mount, all included in the price.

Wall Art arrives ready to hang and display.

- Legacy Wall Art Collection | £895

Display your favourite image(s) in a 30x20-inch, 24x24-inch or 40x13-inch Framed Wall Art piece of your choice.

Includes all 20 high resolution digital images (the Gold Digital Collection) as well.

Please note: Due to the custom nature of portrait photography, all orders are final and cannot be changed, cancelled or refunded. Interest-free payment plans are available, however please note that your products will be ordered (and any digital files released) once the full balance is paid. Delivery times may vary and will be advised at the time of ordering, but are usually within 3-6 weeks.

30 x 20-inch x 3 | £1,485

### Fine Art Canvas

Put stunning portraits of your loved ones where you will see them every day, making you smile each time you walk past.

A satin laminate finish protects your Fine Art Canvas from everyday life, and the inbuilt fixings means your artwork arrives ready to hang and display. You can choose to have your image to wrap around the edges of the piece or opt for a coloured border instead.

The Fine Art Canvas looks particularly stunning in bold, modern spaces and homes with airy or coastal decor.

#### • Fine Art Canvas Collection | £795
